Designer's Must List

Today we are so excited to share our Designer's Must List, which includes a pretty amazing roundup of designers and their "must have" picks.

On the hunt for the perfect table lamp and would like a suggestion from a HGTV designer? We have *HGTV's Color Splash* and *Design Star* personality, David Bromstad, sharing one of his favorite table lamps.

Designer and *AphroChic* blogger Jeanine Hays is always looking for products that incorporate a modern, soulful style. Above (and below), she offers her latest rug obsession.

I am constantly picking up new design books to stay inspired. See what's on interior designer Tom Boland's reading list.

And finally, what is the one furniture piece that is a must have for Maggie Morgan? Read below to find out!

1. "I just found the *Ophist Rug* and I am in love!" - **Jeanine Hays**
2. "A great *slipper chair* is a must and goes with every style." - **Maggie Morgan**
3. Must-have classic design books - "Any by Dupre Lafon, Jean-Michel Frank, *Le Corbusier*, John Lautner. I'm running out of shelves in my library." - **Tom Boland**
4. "Light is essential to showing off your amazing space. I believe in *illuminating* your entire home and minimizing dark corners and shadows." - **David Bromstad**

I hope you enjoyed this month's designer must have picks. Stay tuned for next month's designer must list.
